

Greetings Indiana Law Enforcement Professionals,

You are invited to participate in an **online training session for the OffenderWatch® program** on any of the dates and times listed below. **In May 2010, Watch Systems will host 5 online training seminars** designed to help you more completely understand the capabilities of the OffenderWatch® program.

Users attending the OffenderWatch® online training will need only **a computer with internet access, and a phone**. A link and phone number to access the training are provided below. Users will not need to interact via computer; your computer will be for viewing purposes only. Attendees can ask questions of the trainer via telephone. Each individual participant can log in to view the training at their own station, or a group could be set up in a conference or meeting room with a speaker phone and large screen.

*The "Go-to-Meeting" (online meeting service) allows 50 separate participants per training session. So if your group is larger, you may wish to view the training in a meeting room or group setting.

Please log in about 10-15 minutes prior to the scheduled meeting time. If there are any technical issues, we can try to get those resolved prior to the meeting. Use the link and conference call info provided below for any of the 5 training dates. If you have trouble logging in please call 985-871-8110 for assistance.
