

## Which fields in Offender Watch® show publicly, and which do not?

The display settings in Offender Watch® can be customized to fit what your state and local laws dictate. They can also be set based on different offender risk levels as well.

The following are the default fields that automatically show on your website (Any of these can be turned off): **Reg. #, Name, Alias, Age, sex, race, weight, height, hair, eyes, address, photo, scars/tattoos, comments, and offenses.**

These are the fields that by default do not show on the website (Any of these can be turned on): **Work, school, volunteer, vehicle, victim info. (age/gender/race) , open warrants, and incarceration.**

The following are the default fields that show on residential mailing notifications (Any of these can be turned off): **Reg. #, Name, Alias, Age, sex, height, weight, hair, eyes, address, photo, scars/tattoos, comments, and offenses.**
